

# Is Common Sense Missing in Your Hospitality Business?

*Everyday responsibilities can spin out of control. If we don't step back and look at what we are doing and WHY, we may lose sight of common sense business and life practices! Interestingly, the key to success is often not rocket science, but rather is found in learning and practicing simple habits...habits that can propel us yards ahead of the competition!*

*Professional speaker, author, and business consultant Teresa Allen will motivate your staff while giving them the common sense concrete skills they need to survive and thrive in an uncommon world of change! Her dynamic, fun, and down-to-earth style of presenting and teaching will open the eyes of even those who think they have heard it all!*
